

Board of Officers Meeting

March 8, 2022, 1830 hours
ZOOM

Attendance- Grant Huntsicker, Jenny McCluskey, Kim Preston, Angela Risdon, Stephanie Hogan, Kim, and Wayne

Treasurer's Report:

Volunteer Appreciation Event- April 2nd- Jenny getting donations from local Oroville vendors for the raffle. Grant to get her a brochure to hand out. Raffle to include radios, jewelry, Free Style Embroidery gift certificate, and others. Only deployable members invited and only attending members can buy raffle tickets.

Evac Team Placards working on.

Emergency Communications System Procurement: order placed.

Develop job classifications: There are several people doing tasks at a level to be classified and we have lots of tasks that need completion. We need to outline the necessary steps to reach goals. For instance, Darrel qualifies as a Safety Officer under FEMA Resource Typing protocol and Ted qualifies as Unit Communication leader (except for one thing that he is working on).

FEMA Training: April 1st deadline for ICS 200 and 800. Approximately 21 members have taken but still a lot more deployable members need to complete. Members currently in the National CERT organization will automatically be placed.

Should we retire CERT members who have not participated or responded to emails/notifications in the past year?

Upcoming Events/Training: Kim working on site tours of evacuation sites, such as fairgrounds or churches, to better familiarize ourselves with set-up. This needs to be well-coordinated with Shelby. Grant will confirm the Posse is available.

Basic Training: We currently have medical supplies, tarps (5 or 6 sets), 40 splints, bandages, dressings, and moulage kits. Concerned about fire extinguishers, need to double check. Will not do cribbing. May need to set aside the Friday afternoon before training to take out and prep gear.

4/14 PGE-Posse is not available, need to pick another Thursday (6-8 pm).

4/25 Deployment training-Grant to check Posse availability
